The Directors accept responsibility accordingly.

The Class A (US\$) Shares (Dist) were admitted to the Official List and to trading on the Main Market of the Irish Stock Exchange on 7 April 2003. It is not intended to list the Class A Shares, Class B Shares, Class C Shares, Class D Shares, the Class E Shares and the Class F Shares (other than the Class A (US\$) Shares (Dist)) on any stock exchange. The Directors do not anticipate that an active secondary market in such Shares will develop.

The Shares may be subject to restrictions on transfer or compulsory repurchase where the holding of such Shares may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Sub-Fund or its Shareholders as a whole. The Shares may also be subject to restrictions on transfer in order to maintain a minimum holding per Shareholder, as specified in this Supplement.

When considering these investment objectives, policies and strategy, investors should have regard to Appendix II of the Prospectus.

INVESTMENT OBJECTIVE AND POLICIES

The objective of the Oasis Crescent Global Property Equity Fund is to achieve medium to long-term growth of capital and income by investing in shares, including preference shares, of companies or units in collective investment schemes, which concentrate their investments in real property in the residential, retail, commercial or industrial sectors, real estate investment trusts (“REITS”) and are listed and traded on the international stock exchanges and markets set out in Appendix I to the Prospectus and that are Shari’ah compliant according to the guidelines set by the Investment Manager’s Shari’ah Advisory Board. The ability to trade REITS in the secondary market can be more limited than other stocks.

The Sub-Fund may hold investments in cash or cash equivalents which may comprise ancillary liquid assets (meaning cash, deposits or securities evidencing deposits issued by or guaranteed by an institution) within the conditions and limits set out in Appendix II of the Prospectus. Liquid assets may be held for liquidity purposes, to fund redemptions or core payments or where, in the opinion of the Investment Manager, because of unfavourable market conditions, it would be unwise to invest in any securities.

The Sub-Fund may, subject to the conditions set out in the Prospectus, invest in other open-ended collective investment schemes and/or Sub-Funds of the Company up to a maximum of 10% of the Net Asset Value of the Sub-Fund. These other collective investment schemes may include exchange traded funds and will either be UCITS funds or non-UCITS funds domiciled and regulated in the European Union and/or South Africa and which meet the requirements of the Central Bank for acceptable investment by a UCITS. Investment in other collective investment schemes will be made to achieve exposure to the asset classes referred to above. The Sub-Fund may also invest in closed ended property funds, trusts or REITs (Real Estate Investment Trusts).

The Sub-Fund may invest up to 20% of its Net Asset Value in markets which the Investment Manager considers as emerging markets.

As at the date of this Supplement, it is not envisaged that the Sub-Fund shall invest in financial derivative instruments ("FDI"). However, the Sub-Fund may, in the future, hold such FDI subject to the conditions set out in Appendix III of the Prospectus for efficient portfolio management purposes only (including prior notification to the Central Bank and an update to this Supplement) and subject to the approval and guidelines of the Investment Manager's Shari'ah Advisory Board. If FDIs are used in the future for purposes other than efficient portfolio management Shareholder approval will be sought and this Supplement will also be updated accordingly.

Profile of a Typical Investor

The Sub-Fund is suitable for investors seeking moderate capital and income appreciation over a recommended minimum period of not less than five (5) to ten (10) years and who are prepared to accept a moderate level of volatility.

INVESTMENT STRATEGY

The Investment Manager will apply an investment approach driven by established methods of fundamental and technical analysis. This analysis will include confirming Shari'ah compliance of any investments according to the guidelines of the Investment Manager's Shari'ah Advisory Board, further details of which are set out under the section on "Shari'ah Compliance" in the Prospectus. The Investment Manager's specialist knowledge is utilised in a screening process to evaluate if particular investments meet screening criteria and can generate returns at lower than market risk. The Investment Manager will continuously seek to optimise the portfolio in terms of its financial return by quantifying the value and quality of securities. This is driven by a bottom up investment approach.

The Investment Manager will also closely monitor and analyse global macro-economic and demographic trends in relation to the economic environment to understand the implications for the investments and asset allocation in relation to the Sub-Fund. The Investment Manager will track the macroeconomic outlook for the world's economies and global trends as the Sub-Fund is not immune to developments in global financial markets.

The Investment Manager will seek to maintain a diversified portfolio.

INVESTMENT RESTRICTIONS

The general investment restrictions as set out in Appendix II of the Prospectus shall apply.

The Sub-Fund shall not invest in securities that do not comply with the guidelines of the Investment Manager's Shari'ah Advisory Board.

The Directors may from time to time impose such further investment restrictions as shall be compatible with or in the interests of Shareholders, in order to comply with the laws and regulations of the countries where Shareholders are located.

USE OF REPURCHASE/REVERSE REPURCHASE AND STOCK-LENDING AGREEMENTS

The Sub-Fund may enter into stock-lending / repurchase / reverse repurchase agreements provided that such arrangements are within the conditions and limits laid down by the Central Bank (which is set out in Appendix III of the Prospectus) and subject to Shari'ah principles.

BORROWING

Subject to compliance with Shari'ah and the conditions set out in Appendix II of the Prospectus, the Directors have resolved that the Sub-Fund should only be able to borrow on a temporary basis up to 10% of its Net Asset Value at any time and may secure such borrowings by granting a charge over the assets of the Sub-Fund.

The Company reserves the right to waive or reduce the applicable Minimum Initial Subscription and/or Minimum Additional Subscription requirements, if any, for Shares if considered appropriate.

Charges and Expenses

Class A and Class B– Annual Management Fee

The Company shall pay from the assets of the Sub-Fund an Annual Management Fee based on a percentage per annum of the NAV attributable to the relevant Share Class as set out above, which is accrued daily and paid monthly in arrears to the Manager.

The annual rate of the fee paid by the Company to the Manager may be increased up to a maximum of 5% of the NAV attributable to the relevant Share Class by agreement between the Company and the Manager, but will not be increased without at least 30 days written notice being given to holders of Shares of the relevant Share Class. Out of such fee the Manager shall pay the Investment Manager’s, the Distributor’s and certain other service providers’ fees. The Investment Manager shall be responsible for payment of its own out-of-pocket expenses.

Class C

Subscriptions for Class C Shares will only be accepted from affiliates of the Manager, other funds managed within the Manager’s group, related parties or clients of the Investment Manager provided they have entered into a Subscription Agreement with the Manager. No Annual Management Fees are payable out of the assets of the Sub-Fund in respect of Class C Shares. Instead, Shareholders of Class C Shares will pay a fee to the Manager with regard to their investment in the Sub-Fund based on the Subscription Agreement. The Sub-Fund shall not be liable for any management fees (and, for the avoidance of doubt, investment management and distribution fees) in respect of Class C Shares.

Class D, Class E and Class F– Annual Management Fee and Performance Fee

The following definitions apply to the Performance Fee applicable to the Class D, Class E and Class F Shares:

Performance Fee: The percentage of out performance that is based on the appreciation of the Net Asset Value per Share, before deducting the performance fee, and is payable in addition to the Manager's Annual Management Fee.

Annual Management Fee: Annual Management Fee based on the Net Asset Value ("NAV") attributable to the Class D Shares (1.5% per annum) and the Class E Shares and Class F Shares (1% per annum), which is accrued daily and paid monthly in arrears to the Manager.

Shareholders may elect to subscribe to Class D Shares or be eligible for Class E Shares or Class F Shares, which classes are subject to a Performance Fee. Where the performance in these classes is equal to or less than the Benchmark, a Performance Fee shall not apply. The Performance Fee charged to the Class D Shares, the Class E Shares and the Class F Shares will be adjusted by the Manager dependent upon the performance of the Class D Shares, the Class E Shares and the Class F Shares relative to the Benchmark.

Calculations for performance shall be over a 12 month rolling period. The performance of Class D Shares, Class E Shares, the Class F Shares and the Benchmark shall be calculated daily on an annualised basis.

Performance of Class D Shares, Class E Shares and the Class F Shares shall be calculated as the percentage change between the NAV on the current dealing day and the NAV on the previous dealing day. The performance of the Benchmark shall be calculated in an identical manner.

Method of Calculation:

The Performance Fee shall be 20% of each percent or part thereof that the performance of Class D Shares, Class E Shares and the Class F Shares exceeds the Benchmark. For example, if the class outperforms the Benchmark by 1%, a Performance Fee of 20% of the 1% of outperformance will apply.

In addition the summation of the total Performance Fee (if any) and the Annual Management Fee is limited as follows:

- In the case of the Class D Shares, a cap of 4% of the Net Asset Value will be applied.
- In the case of the Class E Shares and the Class F Shares, a cap of 3% of the Net Asset Value will be applied.

Any underperformance of Class D Shares, Class E Shares and the Class F Shares against the Benchmark in the preceding 12-month periods will be clawed back (cleared) before a Performance Fee becomes due in subsequent periods.

Where the performance of Class D Shares, Class E Shares and the Class F Shares is equal to or less than the Benchmark, no Performance Fee shall be applied and only the Annual Management Fee will apply.

The calculation of the Performance Fee shall be verified by the Custodian.

The Performance Fee shall be accrued daily and shall be paid monthly to the Manager. Each Valuation Point is a stand-alone performance period.

When rolling measurement periods are used, certain investors may carry a lower proportion of the Performance Fee relative to performance enjoyed, whilst other investors may carry a higher proportion of the Performance Fee relative to performance enjoyed.

The Performance Fee is based on the appreciation in the NAV per Share and accordingly the Performance Fee will increase with regard to unrealised appreciation, as well as realised gains. Accordingly, a Performance Fee may be paid on unrealised gains, which may subsequently never be realised.

All fees and charges quoted are exclusive of VAT or sales charges, if any.

Custodian Fee

The Custodian will be entitled to receive from the Company paid out of the assets of the Sub-Fund an annual safekeeping / custody fee ranging (depending on the country of investment) from 1.75 basis points to 45 basis points per annum of assets invested in the relevant country of investment, plus a transaction fee ranging (depending on the country of investment) from US\$26 to US\$156 per transaction.

The Custodian will also be entitled to receive from the Company paid out of the assets of the Sub-Fund an annual trustee fee equal to 2 basis points of total assets of the Sub-Fund subject to a minimum annual fee of US\$13,000. The Custodian's out of pocket expenses will be charged separately.

General

The Custodian and the Manager will also be entitled to be reimbursed their reasonable out-of-pocket expenses and charges from the assets of the Sub-Fund. To the extent that such charges and expenses may include the fees and expenses of any sub-custodian, these will be charged at normal commercial rates. The Manager will also be entitled to transaction fees relating to Shareholder activity and the Custodian will be entitled to transaction fees relating to investment activity and in each case such fees shall be at normal commercial rates.

These fees shall accrue and be calculated on each Dealing Day and shall be payable monthly in arrears.

Dividend Policy

Dividends will only be paid in respect of Distributing Share Classes.

It is the Directors' current intention to declare and distribute dividends and interest earned (as referred to in the Prospectus under the section titled "Shari'ah Compliance") by the Sub-Fund less expenses of the Sub-Fund and/or realised net gains less realised losses on the disposal of investments of the Sub-Fund and unrealised net gains less unrealised losses on the valuation of investments of the Sub-Fund derived from its investments to Shareholders. Dividends are expected to be distributed at the end of each month where profits are available or at such other times determined by the Directors; in accordance with the provisions of the Prospectus and Memorandum and Articles of Association. Any such dividends will be declared and paid within four months of the date of declaration to the Shareholder's account by way of electronic transfer. Any dividend unclaimed for six years from the date of declaration of such dividend shall be forfeited and shall revert to the relevant Sub-Fund.

In accordance with the provisions of the Articles of Association, the Directors may operate a policy known as "income equalisation" as explained here. The Issue Price of a Share contains two elements: capital (which reflects the value of the underlying investments of the Sub-Fund) and income (which reflects the income being earned by the Sub-Fund from those investments). This means investors buying a Share buy a percentage of income, including accrued and undistributed income from the last dividend date, which on purchase will be notionally credited to an equalisation account (the equalisation payment). When the first dividend is declared in respect of any Share on which an equalisation payment has been made on purchase, such dividend will include a payment of capital from the relevant equalisation account usually equal to the amount of such equalisation payment. The repurchase of each Share will also include an equalisation payment.

PURCHASE OF SHARES

An application to purchase Shares must be made on the Application Form, and be submitted to the Manager, by post or by facsimile, to be received by the Manager on or prior to the Dealing Deadline for the relevant Dealing Day. Applications by facsimile will be treated as definite orders. However, the original initial Application Form must be received by the Manager promptly. No application will be capable of withdrawal after acceptance by the Manager.

Unless the Manager otherwise agrees, payment for Shares in the Sub-Fund must be received in cleared funds by the Settlement Date in the Base Currency before any Shares will be allocated.

Applications for Shares must be made for specified amounts in value. Fractional Shares may be issued should the Manager so determine. If the Manager declines to issue fractional Shares, any Subscription monies representing less than a whole Share will not, unless otherwise determined by the Manager, be returned to the applicant but will be retained as part of the assets of the relevant Sub-Fund.

For further information please read the section headed "**Application for Shares**" in the Prospectus.

REPURCHASE OF SHARES

Requests for the repurchase of Shares must be made in writing and be submitted to the Manager by post or by facsimile on or prior to the Dealing Deadline for the relevant Dealing Day. Repurchase requests made by facsimile will be treated as definite orders. A repurchase request once given will not be capable of revocation without the consent of the Manager.

Payment of the proceeds of repurchases will only be made on receipt by the Manager of the written repurchase request together with the original Completion Note and the original initial Application Form or other documentation required and received by the Manager promptly, if any, issued in respect of the relevant Shares and only to the account of record.

For further information please read the section entitled "**Repurchases of Shares**" in the Prospectus.
